Data Scientists in India

Data Scientists in Delhi

Method 1: Meet every Data Scientist in India and note down their salaries

Method 2: Get the salaries of Data Scientists in Delhi and use them to infer the salaries of entire country

What if the population of Delhi is not
reflective of the entire population of India?

Inferential Statistics

Inferential Statistics

- Making inferences about the population from the sample.
- Concluding whether a sample is significantly different from the population.
- Hypothesis testing in general.
